### Geertjes Hoeve

Since 2014, Geertje's Hoeve has been a place to come together and enjoy the farm life. An open and free farm, a topic that has never been so trending as it is now. There's a lot to do about how we treat our food and its agricultural area. Geertje's Hoeve likes to make its contribution by producing small-scale, organic and honest food, with respect for nature. We bring the countryside to the city. And vice versa. We are convinced that producing your own food in the Netherlands in a sustainable way is possible and important. We strive to improve this every day.

### Family business

Rick and Anne live together with their four children at the Geertje's Hoeve. Rick, the farmer of the two, helped his father from early age at farm 't Geertje ([www.hetgeertje.nl](http://www.hetgeertje.nl)).

Anne grew up in Enschede. In the family they loved the outdoor life and paying attention to pure food.
